REGROUP FOR
HOSPITALS

Regroup

EFFECTIVE COMMUNICATION IS VITAL FOR SUCCESSFUL HOSPITAL OPERATIONS

Whether collaborating with others on a patient's treatment plan or responding to a mass casualty event, Regroup provides the secure solutions hospitals need to offer the best patient care possible.

Our system can be used for both emergencies and day-to-day operations, providing clinical communications that reduce costs and improve patient outcomes

"It works out nicely because the CEO sends voice messages to add a personal touch to the weekly updates. We use text, email, and voice messages to communicate regularly."

Michele Kennedy - Operations Office Manager, Duncaster Lifecare, Bloomfield, Connecticut

HOW HOSPITALS USE REGROUP

Regroup's HIPAA compliant platform makes it easy to alert employees and patients without compromising patient privacy. Our many hospital network clients use Regroup for:

Notifying everyone about evacuations

Enacting medical lockdowns

Infectious disease outbreaks

Alert staff about missing patients

Reach on-call staff to fill or cancel shifts

Send training and certification reminders

Collaborating on patient care plans

...and much more

Enhance your communications strategy, improve your operational efficiency, and keep everyone safe with Regroup Mass Notification.

MASS NOTIFICATION DESIGNED WITH HOSPITALS IN MIND

Regroup's unique features enable you to communicate efficiently every day and respond to critical events quickly to ensure continuity of operations and patient safety, even across large medical campuses and when your workforce is dispersed.

> Our HIPAA compliant platform makes it easy to alert employees of evacuations, medical lockdowns, infectious disease outbreaks, missing patients, and more without compromising patient privacy.
